To Whom It May Concern:

Trisha Keel owner of Tomorrow's Key, was hired by us and completed a large amount of work at The Mosaic Residences in Hermann Park, Houston, TX. Mosaic is a new community in Houston that consists of two 30-story twin towers including commercial space.

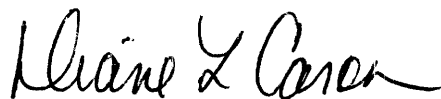

In our business conducted with Trisha Keel, we found Trisha to be highly experienced, knowledgeable and thorough. Her suggestions helped us to create a more positive and productive environment while diminishing the undesirable. Her extensive evaluations and comprehensive written reviews fully outlined the potential impact, both negative and positive. It is obvious that she has a great deal of knowledge and experience; and she very effectively communicates her recommendations and suggestions.

Trisha evaluated our entire building including the lobby, many common areas, entire clubhouse and pool area, sales offices, management offices, and a series of apartment floor plans. She was able to identify a myriad of items that we changed and implemented, including many no or low cost fixes that allowed us to accent the subtle differences in the environments and surroundings of each area. Many of her recommendations helped us to improve productivity, reduce stress, increase employee morale, and enhance the overall business environment. The result of each analysis was explained in detail and recommendations were made based on our goals and budget.

Trisha's expertise drastically helped us to improve the Feng Shui friendliness of our buildings and attract more customers. We highly recommend her and she is fun to work with as well!!!

Please feel free to contact me anytime if I can be of assistance.

Thank you,
